ABOUT US

“The Relief Network Min. (RNM) aims to end the water crisis by 2035 in Nigeria, West Africa, and parts of South India.

RNM addresses health challenges related to water-borne diseases impacting children who miss school while fetching unsafe water. Our initiatives include well digging, medical relief, orphan and widow care, and job skills training. As Psalm 9:18 reminds us, ‘God will never forget the needy; the hope of the afflicted will never perish.’”

WATER, FOR LIFE, IN JESUS NAME
